1. Kerb Weight where quoted is for the vehicle unoccupied and unladen with all fluid reservoirs (inc fuel) filled to nominal capacity. Tare Weight where quoted is for the vehicle unoccupied and unladen with full fluids and 10L fuel. Weights may change with the addition of equipment. Individual vehicles must be weighed to establish the exact kerb weight and payload applicabl. It is the driver's responsibility at all times to ensure that the vehicle is operated within legal limits.

2 All data for genuine Peugeot accessories only. Please see the owners handbook and talk to your local dealer for more information.

3. Fuel consumption results are based on NEDC's standard test procedure to provide customers with a basis for comparison of the performance of vehicles in accordance with ADR 81/02 only. No test can simulate all 'real world' driving conditions. Actual on-road fuel consumption is will vary due to factors such as traffic conditions, vehicle conditions and load, fuel quality and how the vehicle is driven. For more information visit www.greenvehicleguide.gov.au.

Peugeot Citroën Australia offers this information as a general guide to product specifications.
