

HERE'S TO GUTS BEFORE GLORY

Mahindra
PIK-UP

Mahindra
Rise.

The Mahindra Pik-Up goes hard on every terrain, it's built using super strong components and a throw anything at it design.

The Pik-Up offers great ground clearance, a robust chassis, and can carry the load when required.

ARE YOU TOUGH ENOUGH?

Technically TOUGH!

PROPELLED by mHAWK.

Powered by the mHAWK turbo diesel engine, which is a joint development between Mahindra and Austrian diesel powertrain engineering specialists, AVL.

This 4-cylinder heavyweight is, in fact, quite a lightweight. Thanks to the all-aluminium cylinder heads and fewer components.

Push the pedal and you'll find yourself way back into your seat. The 120bhp of power and 280Nm of torque ensure that. While the 2nd generation Bosch Common Rail System and 4 valves per cylinder ensure superior fuel economy of 9.1L/100kms*.

What's more, the impressive two-stage chain drive system and hydraulic lash adjuster cut down engine noise levels drastically.

* as per ADR 81/02 combined fuel average

*Optional Bull Bar

*Optional Alloy Wheels

Eaton Diff-Lock.

You're knee deep in muck and don't know what to do.

Thankfully, the Mahindra Pik-Up does.

It comes equipped with Eaton's state-of-the-art mechanical locking differential system. The system reacts to the wheel speed differences and automatically locks the rear axle.

The result: you keep going non-stop over sand, snow, muck, ice, rocks or whatever.

The Soft Side IS INSIDE.

Tough doesn't have to mean rough.

Step into the Mahindra Pik-Up and you'll wonder where the beast disappeared. Acres of legroom, headroom and elbowroom await you.

Sink into the comfy seats.

Turn on the air conditioner.

And let the 2-DIN stereo system put you into the mood.

Just the perfect ingredients to make you forget that hard day's work as you drive back home.

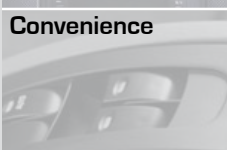

- Air conditioning (with rear vents)
- Power steering, windows & mirrors
- Tilttable steering
- Load adjustable headlamps
- 2-Din stereo with MP3/CD/SD/USB
- Day/night rear-view mirror
- 12V mobile charging slots (front and rear)
