# HELL-BENT ON STABILITY, EVEN IN SLIPPERY CONDITIONS.

The XUV500 incorporates an intelligent All Wheel Drive system that lets you tackle slippery road conditions, such as during heavy rains, snow and ice, with ease.

The Interactive Torque Management system automatically redistributes the torque between the front and rear wheels.

This seamless transition from 2WD to AWD without any driver intervention gives you a level of handling prowess unmatched by conventional vehicles.

## FEATURES

### Technology

- Torque mHAWK with 5th generation Variable Geometry Turbocharger
- Sat Nav Standard
- Integrated music system with CD/MP3, iPod & USB connectivity

- Electronic Start/Stop system (MicroHybrid)
- 6-speed transmission
- DVD player
- Intellipark (Reverse Parking Sensors)
- 6" colour touchscreen infotainment display

### Safety

- Dual airbags (driver & passenger)
- Side impact beams
- Hill Hold and Hill Descent control
- Disc brakes on all wheels

- Side & curtain airbags
- ABS with Electronic Brake-force Distribution (EBD)
- Electronic Stability Program (ESP) with Rollover Mitigation
- Crumple zones for crash protection

### Style

- Alloy wheels
- Twin exhausts
- Front and rear fog lamps
- Dual tone interiors
- Roof rails

- Chrome scuff plate for 1st and 2nd row
- Twin-pod instrument cluster with 3D dials
- Cladding strips
- Cubic-printed central console with metal accents

### Comfort

- Tilt power steering
- Telescopic steering
- Leather upholstery
- Power-adjustable ORVMs
- Power-foldable ORVMs

- Fully Automatic Temperature Control (FATC) & Dual HVAC, vents located in all 3 rows
- 8-way adjustable seats including height and lumbar adjust (driver's side)
- Centre Armrest Front, Cup Holders in all 3 rows

### Convenience

- Cruise, audio, phone controls & voice command switches on steering
- Remote Tailgate Unlocking
- Tinted solar-reflecting glass

- Mobile charging points & lighter socket (all 3 rows)
- Flip-key with remote central locking
- Power windows with driver side express down
- Flat-foldable 2nd and 3rd row seats

# THE XUV500 IS A PIONEER, EVEN IN DESIGN.

Walk around the vehicle and you'll discover how every single element has been masterfully sculpted. A chiselled, aerodynamic body that ruthlessly cuts through the air to provide limitless exhilaration. Racing-inspired twin exhausts. Even uniquely designed tail lamps that look worthy of being followed. Clearly, the only thing lacking in design is a compromise.

- ❶ Intimidating, jaw-like honeycomb grille
- ❷ Unique, paw-styled vertical door handles
- ❸ Elegant tail lamps
- ❹ Racing-inspired twin exhausts
- ❺ Stylish alloy wheels
- ❻ Streamlined roof rails
- ❼ Static-bending Projection Headlamps
- ❽ Powerful fog lamps
- ❾ Impressive LED parking lights
- ❿ Power-foldable and adjustable ORVMs

# Physics-defying AGILITY.

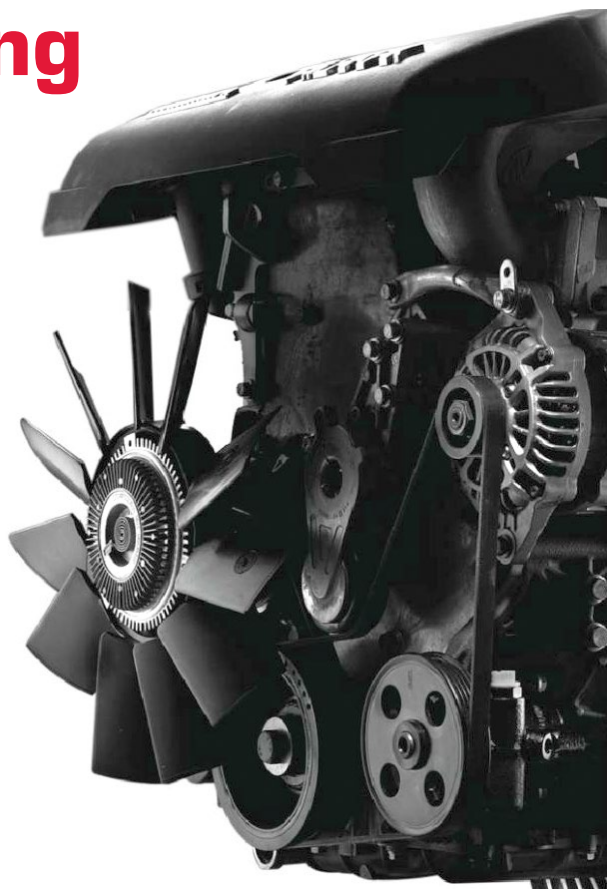

## And a torquey mHAWK.

The XUV500's authoritative exterior promises unbridled excitement. And its mHAWK engine lives up to the promise. This 2.2ltr powerplant delivers an output of 140bhp and an impressive torque of 330Nm.

Step on the pedal and the scenery begins to blur. The 5th generation variable geometry turbocharger ensures instantaneous acceleration.

The monocoque construction of the XUV500 is found only in the most modern SUVs around the world. Here, the vehicle body and platform are integrated into a single unit. The result is an excellent power to weight ratio, unmatched handling and undiluted driving pleasure.

- Powerful, 2.2ltr, Torquey mHAWK diesel engine;
- 140bhp (103 kW), 330Nm torque;
- Electronic Start/Stop System (MicroHybrid);
- Sat Nav Standard;
- Monocoque construction;
- Independent suspension with McPherson struts;
- Lightweight body with high-strength steel.

Xenon High/Low Headlights with LED daylight running lamps & static bending projection lamps standard.

## SAFETY in numbers.

The XUV500 is well equipped to keep you out of harm's way.

Six airbags reinforce the safety of the vehicle. Driver & passenger airbags, side airbags and curtain airbags cocoon you.

As if that wasn't enough, the vehicle's body also comes with side impact beams and thoughtfully located crumple zones.

- 6 Airbags, front, side and curtain;
- Impact absorbing crumple zones for crash protection;
- Side impact beams;
- Electronic Stability Program (ESP) with Rollover Mitigation;
- Anti-lock Braking System (ABS) with EBD;
- Hill Hold and Hill Descent control.

7 Leather Seats Standard

## TECHNOLOGY at it's luxurious best.

- Fully automatic temperature control with dual HVAC, vents located each row;
- Bluetooth® technology;
- Mobile charging points in all rows;
- Interior LED downlights;
- Steering-mounted audio and cruise controls;
- Smart rain & light sensors;
- Intellipark (Reverse Parking Assist System);
- Tyre-tronics (Tyre Pressure Monitoring System);
- Glove box with laptop holder.

### A Dashboard with a dash of ELEGANCE.

Elegance is sewn into every detail of the XUV500. Notice the texture and finish of the dashboard. The exquisite waterfall-style centre bezel that flows down right to the first row.

The high-caliber, twin-pod instrument cluster too, is seriously sporty with 3D dials.

The steering wheel has been designed with an enhanced capacity to control. Its tilt and telescopic adjustment allows personalisation to suit your needs.

A plethora of controls surmount the wheel. Controls to toggle music. Controls to activate voice commands. Controls for phone calls.

## Light-years ahead, and still at your fingertips.

Step in. Take the wheel. Find around you all that you need for that incomparable feeling. Seats, steering wheel and several other contact points wrapped in pure leather. Intuitive and intelligently placed storage and controls. Individual climate-control vents for each of the occupants.

To create the next generation of SUVs, you have to advance past the status quo. Probably why the XUV500 lets you discover features that most other cars have yet to.

Take the Bluetooth® technology, for example. Headquartered in the first-in-class, 6-inch LCD touchscreen infotainment system, it is the single touch-point for controls like music, temperature and navigation.

Here, you'll also find a full-fledged Driver Information System that diligently reports to you with all the vital information about the car. It tells you how far the existing amount of fuel can take you. It monitors the air pressure and temperature of each tyre. It even controls the cabin temperature for you.

For more intelligent features like rain and light sensors, even words are unnecessary. The wipers and headlamps are activated automatically whenever external conditions demand.

Finally, perhaps one of the most unique features of the XUV500 is the lounge lighting. Push a button and concealed lights transform the cabin into a lounge. Making you feel relaxed and invigorated at the same time.
